

PREVAIL
Hero of the Month!

March 2020

Susan Ferguson!

We are thrilled to announce that the Hero of the Month for March is Prevail's Executive Director, Susan Ferguson.

Susan leads the Prevail team with poise, grace, compassion, generosity, and humor. She always ensures that staff have what they need to do their job, whether it is supplies, support, guidance, or space. She is passionate about Prevail and takes every opportunity to engage with others in understanding and recognizing the impact of crime and abuse on our community.

Most recently, she has proven that she is able to respond to uncertainty with honesty and empathy as Prevail continues to provide services to clients while maintaining safety and health during the COVID-19 outbreak. She created plans to ensure staff had technology and support to continue to serve individuals who have been impacted by crime or abuse even when our office was closed.

From moving heavy cabinets and deep cleaning the office to writing grants and engaging our amazing Board of Directors (and everything in between), Susan is a constant reminder of the importance of kindness and patience. Please join us in celebrating Susan!

Thank you Susan! You are our HERO!
