

PREVAIL

Hero of the Month!

August 2018

Stephanie Wood

Owner of SWGroup

The minute Stephanie Wood was introduced to Prevail she offered and began sharing her gift of leadership and coaching in support of our Speakers Bureau. Stephanie has her own coaching business, where her goal is to help others open their minds, envision greatness and achieve more than they imagined possible. She has fulfilled that goal for so many of our members of the Prevail Speakers Bureau.

The Speakers Bureau was formed in September 2016 to provide an opportunity for survivors to share their stories to help others, to educate our community, to remove stigmas and to ultimately reduce violence. Stephanie passionately offers her time and gift of coaching to help each person put their story together on paper, guiding them with inspiration, affirmation, and compassion, all within the principles and purpose that she helped to create. She truly has a heart of gold and a giving spirit.

With Stephanie's help and support we are excited to present the first Prevail Speakers Bureau Conference "Breaking the Cycle". Part one of the series will be held on September 13th from 4-6:30pm at Noblesville City Hall in the Council Room. All are invited to join us for this inaugural event and extend a special thanks to our HERO, Stephanie Wood.

Thank you Stephanie! You are our Hero!
